READY GO...

500 discussions!
talking about faith and life

It's not about the topic.
It's always about the person!

It began when Melissa and John made a sign they held in the cafeteria at a youth gathering. A few other kids had made signs that read "Free hugs." Melissa and John's said, "Free conversations about anything." They sat well into the evening, making new friends and talking about faith and life with dozens of other youth. Thus the beginning of this idea! A talk sheet with 500 topics in order to talk about anything. .

Perfect for...

- Long van and bus ride discussions
- Make your own, "Free conversations," sign. See whose stories you share!
- Mentoring conversations.
- Small group or candle group discussions.
- Camps and Retreats
- Circle within a circle. Talk to the person across from you. After several minutes one of circles shifts and you get a new partner.

\$10 for unlimited printing rights.

(per congregation or organization or per large events such as youth gatherings)
