## About this Report:

The 2020 LOM Compensation Survey was conducted in late spring of 2020 by Sacred Playgrounds. The survey was originally scheduled to launch in March, but the initial uncertainty surrounding the COVID-19 pandemic pushed the start date back several weeks. The survey commenced on April 23, 2020 and remained open for eight weeks, during which time 69 LOM member organizations responded, representing $78 \%$ of the total membership. Some responses were incomplete, which is why certain items in this report represent fewer camps than others. The report uses percentages, which are based on the number of responses to each individual question (usually provided with $\mathrm{n}=\mathrm{x}$, where " $x$ " equals the number of responses on which a given percentage is based).

The survey focuses on compensation for various staff positions, including full-time staff, part-time staff, and summer staff. When the data can be meaningfully divided, averages or medians are compared across various groups. When there were fewer than 4 reported numbers in a group, the numbers were not included in the report (usually designated by N/A and indicating " $n<4$ ").

This report is designed to help camp directors and camp boards of directors determine appropriate salary and compensation packages for various staff positions. Since many response categories in this report represent a dozen camps or fewer, these numbers should be used as guidelines only and not necessarily prescriptive. The ranges of salaries and compensation packages reflect a wide variety of circumstances, including experience and training of individual staff members, along with location of the camp property (which may greatly inflate housing benefits) and specific staff responsibilities, which vary widely from camp to camp, even though a position may have the same title.

## Part 1: General Camp Statistics:

69 unique ministry organizations responded in part or in full to the survey, representing 78\% of LOM membership
$93 \%$ of respondents were camp directors or executive directors, with the remainder being finance directors or members of the board of directors.

Figure 1: Responding LOM Sites, by Region

- Responding organizations represented 27 US states and 1 Canadian province
- The most highly represented states were clustered in the upper Midwest: MN, WI, ND, and IA, together accounting for $42 \%$ of responses

## Budget:

Figure 2: Percentage of Camps, by Annual Operating Budget

- The lower third of camp budgets had up to $\$ 500 \mathrm{k}$
- $6 \%$ had an annual budget of $\$ 200 \mathrm{k}$ or less
- 7\%: \$201k - \$350k
- 16\%: \$351k - \$500k
- The middle third had between $\$ 500 \mathrm{k}$ and $\$ 1$ million annual budgets
- $23 \%$ had a budget of $\$ 501 \mathrm{k}$ to $\$ 750 \mathrm{k}$
- $13 \%$ : $\$ 750 \mathrm{k}$ to $\$ 1$ million
- The upper third had annual budgets over $\$ 1$ million
- $29 \%$ more than $\$ 1$ million - $\$ 2$ million
- $6 \%$ more than $\$ 2$ million

Table 1: Year-Round Staff Summary, Divided by Camp Budget Categories

|  | All Camps | $\mathbf{>} \mathbf{\$ 5 0 0 k}$ | $\mathbf{\$ 5 0 0 k} \mathbf{- \$ 1} \mathbf{~ m i l l ~}$ | $\mathbf{>} \mathbf{\$ 1} \mathbf{~ m i l l i o n ~}$ |
| :--- | :---: | :---: | :---: | :---: |
| Executive Director | $\mathbf{9 6 \%}$ | $85 \%$ | $100 \%$ | $100 \%$ |
| Maintenance/Facilities Director | $\mathbf{6 8 \%}$ | $40 \%$ | $76 \%$ | $83 \%$ |

| Development Director | $\mathbf{1 7 \%}$ | $0 \%$ | $4 \%$ | $46 \%$ |
| Business/Operations Director | $\mathbf{1 6 \%}$ | $15 \%$ | $16 \%$ | $17 \%$ |
| Finance Director | $\mathbf{1 2 \%}$ | $5 \%$ | $4 \%$ | $25 \%$ |
| I.T. Specialist or Webmaster | $\mathbf{4 \%}$ | $0 \%$ | $0 \%$ | $12 \%$ |

- Aside from a director/executive director, the next most common year-round camp jobs are maintenance director and program director. In some cases, there is a year-round associate director instead of a year-round program director ( $77 \%$ of camps have at least one of these positions). In camps with budgets of less than $\$ 1$ million, it is uncommon to have both.

## Fundraising Revenue:

| Churches | $7 \%$ | $24 \%$ | $45 \%$ | $21 \%$ | $3 \%$ |
| Fundraising events | $0 \%$ | $13 \%$ | $30 \%$ | $37 \%$ | $20 \%$ |

- It is clear that the most recent fiscal year saw a general increase in overall fundraising revenue, with $55 \%$ of responding LOM organizations saying they had a general increase compared with the previous 5 years, and an additional 29\% saying they were holding steady.
- This increase in revenue was driven primarily by individual donors and fundraising events. Revenue from denominational bodies, churches, and foundations, meanwhile, was generally holding steady for most camps.

## Part 2: Camp Directors

- $72 \%$ male, $28 \%$ female
- Education: 54\% bachelor's degree, $40 \%$ master's degree or higher
- $27 \%$ were on the ELCA roster, with about half of these rostered to Word and Sacrament ministry and the other half as deacons (or Word and Service)

## Director salary:

- Range: $\$ 30,000$ to $\$ 102,000$
- Average: \$66,469

## Director total compensation (with benefits):

- Range: \$30,000 to \$149,000
- Average: \$92,371

## Common Benefits:

- Health Insurance: 74\% of directors had health insurance provided, including over half (53\%) that had health insurance for their family. The value of the health insurance benefit varied widely based on family makeup.
- Housing: Just over a third (37\%) of directors had a housing benefit. The value of this benefit varied widely based on location, up to over $\$ 35,000$ annually. Some had a housing allowance and others had employer provided housing. Just under a third (32\%) of directors had utilities included in this benefit, accounting for most of those with a housing benefit.
- Retirement: 81\% of directors had a retirement benefit. The value of this benefit varied widely, from as low as $3 \%$ of annual salary to as high as $16 \%$. Over half ( $55 \%$ ) of those with a retirement benefit received between $9 \%$ and $12 \%$ of annual salary, though a quarter received $6 \%$ or less.

## Associate Director

39\% of camps indicated that they had an Associate Director, though this role ranged from a title of Co-Executive Director to Associate Director of Program. The range of roles meant a wide range of salary/compensation for this position, with no clear indicators for why some salaries were much higher than others, though presumably the salary is reflective of the specific responsibilities given to the individuals. Over half (55\%) of the responding camps that had associate directors had their current person for 2 years or less.

## Associate Director salary:

- Range: $\$ 22,500$ to $\$ 70,000$
- Average: \$44,925

## Associate Director total compensation (with benefits):

- Range: \$31,000 to \$96,300
- Average: \$60,657

## Common Benefits:

- Health Insurance: 65\% of associate directors had health insurance provided. The value of the health insurance benefit varied widely based on family makeup.
- Housing: Half (50\%) of associate directors had a housing benefit. The value of this benefit ranged from $\$ 1500$ to $\$ 12,000$. Most that had a housing benefit also had utilities provided.
- Retirement: $60 \%$ of associate directors had a retirement benefit, which was oftentimes between $9 \%$ and $12 \%$ of annual salary.

## Program Director

Two-thirds of camps (67\%) indicated that they had a Program Director or Manager. The title of this role was very consistent across camps, with 64\% having the title of "Program Director." The tenure of program directors tended to be mid-ranged, with $46 \%$ being in their position between 3 and 5 years. Just over a third (36\%) had been there two years or less, and just $18 \%$ had been in their position for more than 5 years. Those with a longer tenure tended to get paid much better, with those in their position longer than 5 years making an average annual salary of $\$ 41,625$ and total compensation package averaging $\$ 64,221$ (more than $20 \%$ higher than those with 5 years or less).

## Program Director salary:

- Range: $\$ 22,500$ to $\$ 54,054$
- Average: \$36,391

## Program Director total compensation (with benefits):

- Range: $\$ 35,000$ to $\$ 76,450$
- Average: \$52,826

## Common Benefits:

- Health Insurance: 82\% of program directors had health insurance provided. The value of the health insurance benefit varied based on age and family makeup.
- Housing: Almost two-thirds (61\%) of program directors had a housing benefit. The value of this benefit ranged from $\$ 5000$ to more than $\$ 20,000$. A large majority ( $80 \%$ ) of those with a housing benefit also had utilities provided, with an average value just over $\$ 2,000$.
- Retirement: 70\% of program directors had a retirement benefit, which ranged from a low of $2 \%$ of annual salary to a high of $12 \%$. Half had a $6 \%$ or less retirement benefit, with the other half having more than $6 \%$. The average was $7 \%$.

## Maintenance Director

Two-thirds of camps (68\%) indicated that they had a Maintenance Director. The title of this role varied slightly, with the most common being "Maintenance Director," "Facilities Directors," and "Site Manager." The tenure of maintenance directors tended to be longer than other positions, with half ( $49 \%$ ) being in their position for more than 5 years, including more than a quarter (29\%) more than 10 years. The salary and compensation packages had very large ranges. This may reflect some of the individuals being less than full-time, though the survey specified fulltime roles.

## Maintenance Director salary:

- Range: $\$ 25,000$ to $\$ 92,718$
- Average: \$39,354

Maintenance Director total compensation (with benefits):

- Range: \$31,000 to \$99,892
- Average: \$58,195

## Common Benefits:

- Health Insurance: Two-thirds (65\%) of maintenance directors had health insurance provided. The value of the health insurance benefit varied based on age and family makeup (from $\$ 1000$ to $\$ 24,000$ ).
- Housing: Almost two-thirds (62\%) of maintenance directors had a housing benefit. The value of this benefit ranged from $\$ 3,000$ to $\$ 25,000$. A large majority of those with a housing benefit also had utilities provided, with an average value just over \$3,000.
- Retirement: 57\% of maintenance directors had a retirement benefit, which ranged from a low of $2 \%$ of annual salary to a high of $12 \%$. Two-thirds of those with this benefit had a benefit that was equivalent to $6 \%$ or higher of annual salary. The average and median benefit was $6 \%$.

## Food Service Director

Almost half of camps (48\%) indicated that they had a Food Service Director or head cook, though only 21 camps provided compensation data for this position. The title of the role varied from Food Service Director/Manager to Head Chef/Cook to Food Ministry Director. The tenure of food service directors varied, with almost half (48\%) being in their position for less than 3 years, and almost a third (29\%) being in their position for more than 10 years. Annual salary and compensation also had a wide range, which may indicate that some individuals were less than full-time, even though the survey specified full-time staff.

## Food Service Director salary:

- Range: $\$ 21,840$ to $\$ 55,000$
- Average: \$34,301

## Food Service Director total compensation (with benefits):

- Range: $\$ 29,937$ to $\$ 82,500$
- Average: \$46,514

## Common Benefits:

- Health Insurance: Two-thirds (65\%) of food service directors had a health insurance benefit. The value of the health insurance benefit varied based on age and family makeup.
- Housing: A housing benefit was uncommon among food service directors, with only 29\% of respondents offering this benefit. For those that offered housing, utilities were generally included.
- Retirement: 60\% of food service directors had a retirement benefit, which ranged from a low of $2 \%$ of annual salary to a high of $10 \%$. This benefit was generally lower (or equivalent) than that offered to other camp employees.

## Office Manager

Half of camps (48\%) indicated that they had an Office Manager or Administrative Assistant. "Office Manager" was the most common title for this role (more than half). The tenure of office managers tended to be shorter than other positions, with two-thirds (67\%) being in their position for no more than 5 years, including over half (52\%) 2 years or less.

## Office Manager salary:

- Range: $\$ 22,000$ to $\$ 47,605$
- Average: \$34,024

Office Manager total compensation (with benefits):

- Range: $\$ 22,000$ to $\$ 55,908$
- Average: \$41,361

## Common Benefits:

- Health Insurance: Half (50\%) of office managers had a health insurance benefit. The value of the health insurance benefit varied based on age and family makeup.
- Housing: Housing benefits were very uncommon for office managers, with only 3 camps reporting that this benefit was provided.
- Retirement: Fewer than half (46\%) of office managers had a retirement benefit, and the benefit ranged from a low of $1 \%$ of annual salary to a high of $12 \%$, offering very little consistency.

## Other Positions

Six other positions were included in the survey but were uncommon among most camps, even those with annual budgets over $\$ 1$ million. For two of these (Finance Director and I.T. Director), the survey did not receive enough responses (at least 4) to provide meaningful data for the membership. The below figures show averages for the remaining four positions. Almost all respondents represent camps with budgets over $\$ 1$ million.

## Hourly Positions

The following table shows pay for certain hourly positions. Only those with responses from four or more camps are included. The table includes the range (highest and lowest reported), average hourly pay, and median hourly pay. There were no significant differences in hourly pay for these positions based on region of the country or camp size (based on annual budget).

Figure 6: Percentage of Camps with Various Rates of Returning Summer Staff

- $73 \%$ of responding camps incentivized returning staff members.
- Of those that offered a financial incentive, it was most often $\$ 10$ per week of additional pay ( $58 \%$ of camps that offered an incentive offered the additional $\$ 10$ per week). Of those remaining, $23 \%$ offered less than $\$ 10$ per week (usually either $\$ 5$ per week or a flat $\$ 50$ signing bonus) and $19 \%$ offered more than $\$ 10$ per week.
- Of camps offering at least $\$ 10$ more per week for returning staff, $46 \%$ had more than half of their staff returning, compared with $33 \%$ of camps that offered less than $\$ 10$ bonus or no bonus at all for returning staff.
